Warren County Center provides programs for diagnostic and treatment services for children, adolescents and/or adults who have acute or chronic psychiatric disorders, but do not need 24-hour care. This facility also provides counseling services for patients and families about emotional and/or personal matters, and who may be experiencing difficulty resolving stressful life situations.

The outpatient/counseling and emergency services program is for adults, families and children with behavioral health, intellectual disability (mental retardation) and/or substance abuse issues.
