Class - Workshop

Event Cost

\$0.00

Event Description

Socially Responsible Investing Monday, December 9, 3-4 pm Environmental, social, and governance (ESG) criteria are a set of standards for a company's operations that socially conscious investors use to screen potential investments. Examining these criteria help you assess how companies perform in relation to the environment, their relationships with employees and customers, and their internal leadership structures and rights of shareholders. A local financial advisor will introduce key ESG investing concepts and discuss how to align your portfolio with your values. Free and open to the community.
