CrossOver Health Care Ministry has opportunities for volunteers. Volunteers are critical to the work of CrossOver, providing 50% of all patient care. Each week a committed cadre of volunteer physicians, dentists, hygienists, ophthalmologists, optometrists, pharmacists, nurses, social workers, physical therapists, and counselors dedicate their time and energy so that patients receive compassionate, quality health care. Additionally, volunteers offer administrative and clerical support to the staff and patients.

All potential volunteers are asked to complete the CrossOver Volunteer Application, either a medical volunteer application, non-medical volunteer application, or student volunteer application. See [Volunteer Applications](#). When your application is received, the Volunteer Coordinator will contact you as soon as possible to discuss available volunteer opportunities.
