People with Alzheimer's disease and related memory problems have unique, changing needs. The Reminiscence program is designed with this in mind and the caregiving team works together with all facets of the community to integrate new research into programs for residents.

Everything - from the simple layout, home décor, family style meals, and secured outdoor terraces, to the specially trained staff and the structured daily activities designed to enhance memory - fosters an atmosphere where residents can thrive.

The capacity for assisted living and memory care is 75.

Service Area(s)

Alexandria City

,

Arlington County
