The Sarah and Bradley Houses are the two independent living cottages at this facility. These cottages offer independent living for those who are not quite

ready for assisted living, giving them the peace of mind that help is available if needed.

Cottage residents are equipped with a 24-hour emergency call system, receiving lawn maintenance, housekeeping, and one meal daily, with the option of additional meals. All cottage residents are encouraged to join the daily recreational activities at the assisted living facility.

Service Area(s)

Frederick County

,

Winchester City
