Nannie Home Health Care offers home health aides to assist patients in their completion of activities of daily living (ADLs) and personal care. Some are specifically trained and competent to deliver more complex services under the direction of a registered nurse. They can also function as caregivers and companions.

A brief sample of services available are:

- Prepare meals
- Take blood pressure
- Take temperature
- Monitor respiration
- Mobile assistance
- Assist with bathing, feeding, hygiene, toileting, etc.
- Medication reminders
