Medical Transport provides dialysis transport with the goal of having you on time for each and every transport. We have assembled a communication team, working in a modern computerized Dispatch Center, which allows efficient response to our customers' needs and schedules, 24 hours a day, 7 days a week. The computer-aided dispatch system enables the ambulance crews to arrive prepared, equipped, and on time.

Contact Dialysis Coordinator/Team Leader Shawn Tanses at 757-802-6339 for more information.
