Spring Oak at Bedford is a residential and assisted living care facility that provides a supportive, home-like atmosphere where physical and emotional needs are completely taken care of for individuals with Alzheimer's, dementia, and other forms of memory loss. Help is provided for help in day-to-day lives but does not require 24-hour care. Amenities include:

- both private and shared apartment-style living is offered to the residents, with private bedrooms
- three nutritious meals are prepared and served daily in the dining room
- the wellness center oversees medication management provided by trained caregivers
- housekeeping services visit each room weekly to clean and freshen up the residences
- 24-hour monitored security system around the property to ensure a safe environment
- activities and events that reflect the interest of the residents are scheduled seven days a week
- transportation is arranged for all of the residents to shopping malls, outings, and appointments
-

The capacity for assisted living and memory care is 150.
